Trail	Miles
 Number Nine Trolley Line Trail	1.5
 Story Trail	0.2
 Yellow Trail	0.4
 White Trail	0.2
 Green Trail	0.1
 Red Trail	1.3
 Blue Trail	0.8

The Benjamin Banneker Historical Park and Museum is a 142-acre site dedicated to telling the inspiring story of Benjamin Banneker, often considered the first African-American man of science. The museum has something for everyone, whether their interest is colonial history, astronomy, cultural activities, hiking or nature and environmental conservation.

Trails through the woods connect to the Number Nine Trolley Line Trail, a paved multiuse path.
