RE: Herring Run Sewershed Structural Sewer Rehabilitation
Stormwater Management Variance
Back River Watershed
Project I.D. M170032
Old Tracking Numbers: 05-17-2425 & 06-07-2426
New Tracking numbers: 05-24-4229 & 06-24-4230

Dear Linda Li;

This letter supersedes the February 28, 2017 variance letter. This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. Section 33-4-113 (a) (2) allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of the design standards would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations.

This project is for the rehabilitation of sanitary manholes and pipelines by cut and cover. The existing cover conditions will be re-established once the rehab is installed. Although the disturbed area is in excess of 5,000 square feet, there will be no increase in impervious area or runoff resulting from the project.

Please contact Abiy Geleta, P.E. at 410-887-3768 should you have any questions.

Very truly yours,

/Signed/

Kritty Udhin, P.E., Manager
Stormwater Management
